Road improvement work continues on Waterfall Way between Connells Creek and East Fernmount from Tuesday, 17 November 2015.

The NSW Government is continuing to upgrade the Waterfall Way at Sweedmans Lane following delays due to unexpected soft soils on the project.

Bellingen Shire Council on behalf of Roads and Maritime Services are carrying out road improvement work on the Waterfall Way near Sweedmans Lane.

Work will start again from **Tuesday 17 November 2015**. Working hours will be **Monday to Friday 7am to 5pm**. The work is expected to be completed in the first half of 2016.

Completion of this work was delayed earlier this year when soft soils were discovered on the project. Further investigations have now taken place to address the ground conditions.

Work includes widening the road through this section of the Waterfall Way and removal and replacement of the existing road seal to carry out deep treatment on the soil.

**Changes to traffic**

Traffic management and reduced speed limits will be in place where needed to ensure the safety of workers, motorists and other road users.

Lane closures will be in place between 7am to 5pm, Monday to Friday with alternating traffic arrangements.

Road users are asked to follow the direction of traffic controllers, adhere to the reduced speed limits, and follow traffic lights and signs when displayed. Motorists may experience delays of up to 10 minutes due to these changed traffic conditions and should allow extra travel time.

Any changes to property access will be discussed directly with residents to ensure minimal disturbance.

There will be some noise associated with this work, however every effort will be made to minimise disruption to local residents.
We apologise for any inconvenience this work may cause and appreciate the patience of residents and road users.

**Contact**

If you have any questions, please call our Project Manager Yvonne Bowles on 02 6640 1300 or email yvonne.bowles@rms.nsw.gov.au. For more information on our projects, visit rms.nsw.gov.au.

To speak to the site supervisor, please contact Brock Varley, Project Manager (Works), Bellingen Shire Council on (02) 6692 2922.
