

Draft Revised 2022- 2026 Delivery Program & 2022-2023 Operational Plan

# A Gumbaynggirr Community Vision

Respect for the land and the original people of this country.

A place where the ancestors' way of holding country is recognised.

A place where there is respect for custodial people who carry this tradition today and for Elders and the children of the future.

A place where we all walk together, where we can all be here in harmony with the land and all life.

The land around here has a great capacity to do that, to heal... in a way that's not separating.

# Message from the Mayor & General Manager

The Bellingen Shire is a strong, dynamic and resilient community that continues to thrive and evolve. The richness of its culture and diversity of our people, economy and landscape create an energetic and vibrant place we all call home.

Our Community Vision 2035 has been developed through comprehensive community engagement and drives the direction of the Council for the next decade. This Delivery Program and Operational Plan is a direct response to your priorities and identifies works and services to meet them.

You have told us of your desire for an inclusive community where there is recognition, respect and representation of Gumbaynggirr culture, language and connection to place, where housing options are affordable and diverse and a stronger focus placed on active transport connectivity. Where water security and protection of our natural environment are promoted and tourism is sustainable supporting our local business community providing local employment opportunities and night time activities and a community where diversity is celebrated and everyone is welcome.

Through this Delivery Program and Operational Plan, you will see how we will achieve these priorities by reducing our carbon footprint, improving transport including a significant road and bridge program, enhancing and protecting our natural environment, optimising our facilities, stimulating economic development, water security, managing balanced tourism and so much more.

Our community has also identified communication and engagement as a priority, and we will continue to strive to be open and transparent, looking to new methods to enhance our customer experience. Community engagement is imperative to our planning process in order to ensure that the views and interests of our community are heard. Our ongoing program of consultation and engagement will continue as we deliver the significant body of work detailed in this plan.

The Long Term Financial Plan, which is reviewed and updated each year, reflects the delivery of the outcomes contained in this Delivery Program and Operational Plan, and provides assurance that this will continue to be the case into the future.

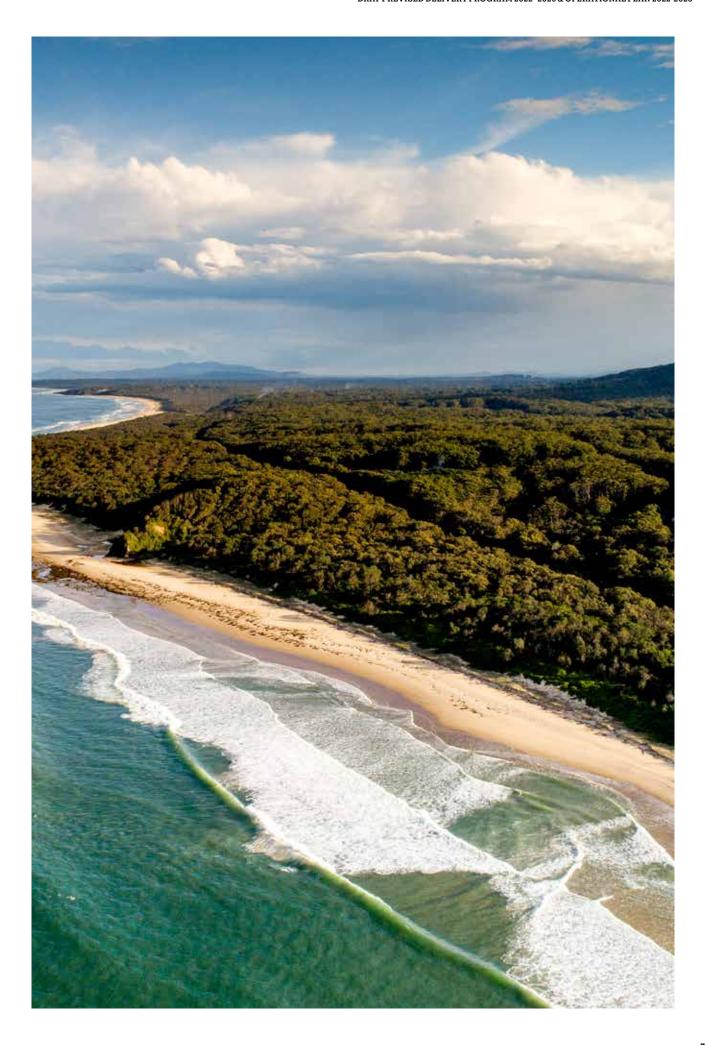

With a strong focus on service provision, effective governance and accountability we will continue to collaborate with our community to implement sustainable and effective programs and initiatives that realise our Shire's Community Vision and remain a connected, sustainable, and creative community.

Steve Allan

Mayor

Liz Jeremy

**General Manager** 

## Reimagine 2035

We live in a place unique in character and strong in spirit, with active communities, beautiful coastlines, ancient rainforests and a true sense of belonging.

To live here is to be connected. To be part of an authentic community that values creativity and collaboration, wellbeing and sustainability, opportunity and diversity.

Our Community Vision, shaped by our people provides a roadmap as we walk toward 2035 with purpose to enhance and protect where we live, work and learn.

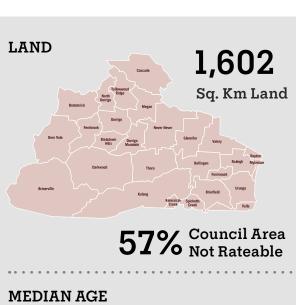

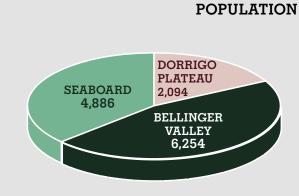

## About Our Shire

Bellingen Shire is located on the Mid North Coast of NSW halfway between Sydney and Brisbane and just south of Coffs Harbour. It is home to 13,248 people (ABS Estimated Resident Population 2020), who come from many different countries and are involved in diverse occupational, cultural, and social activities and has a total area of 1,605 square kilometres with a coastline of approximately 10km.

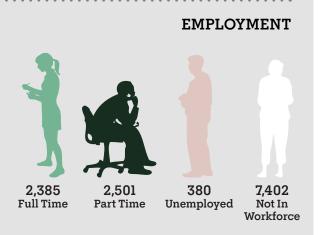

Our Shire has three distinct geographical areas – ocean, river, and mountains incorporating the communities of Mylestom, Repton, and Urunga on the coast, Bellingen nestled in the river valley, and Dorrigo on the plateau. Each is a vibrant and rich community with its own characteristics.

Bellingen Shire has enormous ecological diversity. Some 57% of our Shire is State Forest, National Parks and Crown land. This and our cultural attractions have created a thriving tourism industry with 210,000 visitors coming to our Shire each year spending a total of \$58.9 million. Numerous festivals, ranging from jazz, classical and world music, to environmental, food and wine events, attract distinct audiences enhancing the social and economic fabric of the region.

## Your Council

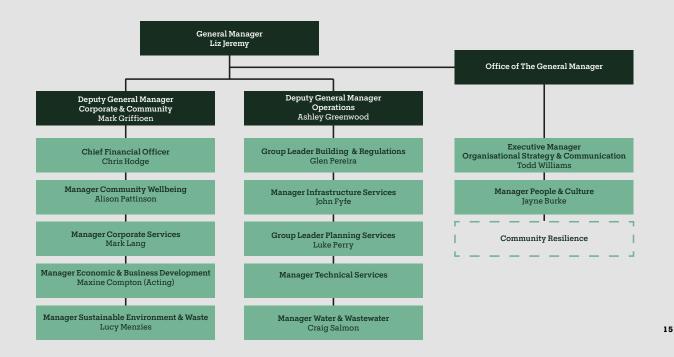

As a local government organisation, Bellingen Shire Council is charged with the responsibility for the delivery of a diverse range of services each day. Council has 150 approved positions (as at 30 June 2021). The elected Council comprises 7 councillors who represent the entire Local Government Area. The Mayor is elected by popular vote once every four years and the Deputy Mayor is nominated and elected annually by fellow Councillors.

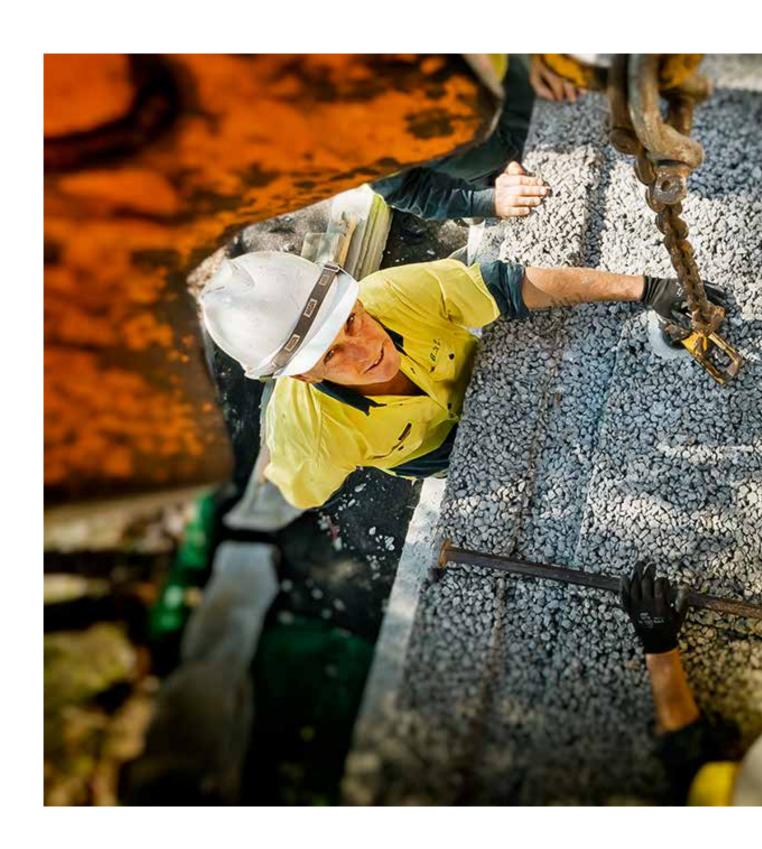

Image: (I to r): Cr Ellie Tree, Cr Joanne Cook (Deputy Mayor), Cr Stephen Glyde, Mayor Steve Allan, Cr Dominic King, Cr Jo Brotherton and Cr Jennie Fenton.

Responsibility for the day-to-day operation of the Bellingen Shire rests with the General Manager, Liz Jeremy. Together with senior management they ensure effective and efficient operation of the organisation.

The below diagram sets out the senior management structure for the Council.

## Operating Principles

Council is committed to the following operating principles in everything it does:

Every customer will be treated with courtesy, respect, fairness, and equity in every interaction with Council. All Council business will be conducted honestly, and transparently, in accordance with the spirit of Open Council. We will actively consult and work with the community as we formulate and implement new policies. Sometimes, because Council has a regulatory role, we may have to make decisions in line with our legal and communal obligations which may differ from an individual's specific request, or Council may be required to balance the different needs and interests of individual customers. When this is necessary, we undertake to ensure that our customers have all the facts and reasons behind such decisions and that the decision will be according to the law and in the best interests of the whole community.

We embrace our accountability for the professional management of Council processes and assets, and we undertake to apply commercial operational principles to ensure the community benefits from our efficient and effective management. We are aware of our responsibility as individuals and officers of the Council to perform our duties safely and to maintain a safe, healthy work environment.

### **Our Values**

We have developed core values to guide our organisation. These guiding principles dictate behaviour and help to achieve on our Community Vision and our major strategies.

Service Ethic /

Professionalism

t Teamwork

Integrity

Communication

## Our Community Vision & Values

Bellingen Shire's Vision and Community Values, developed by the community, guide our planning and provide direction for how the Shire responds to change and growth. The Vision and Values reflect the priorities of our community and shape policies and plans prepared by Council.

## Connected

We are a community that is inclusive, connected to each other in our shire, and with connections beyond - regionally, nationally, and globally.

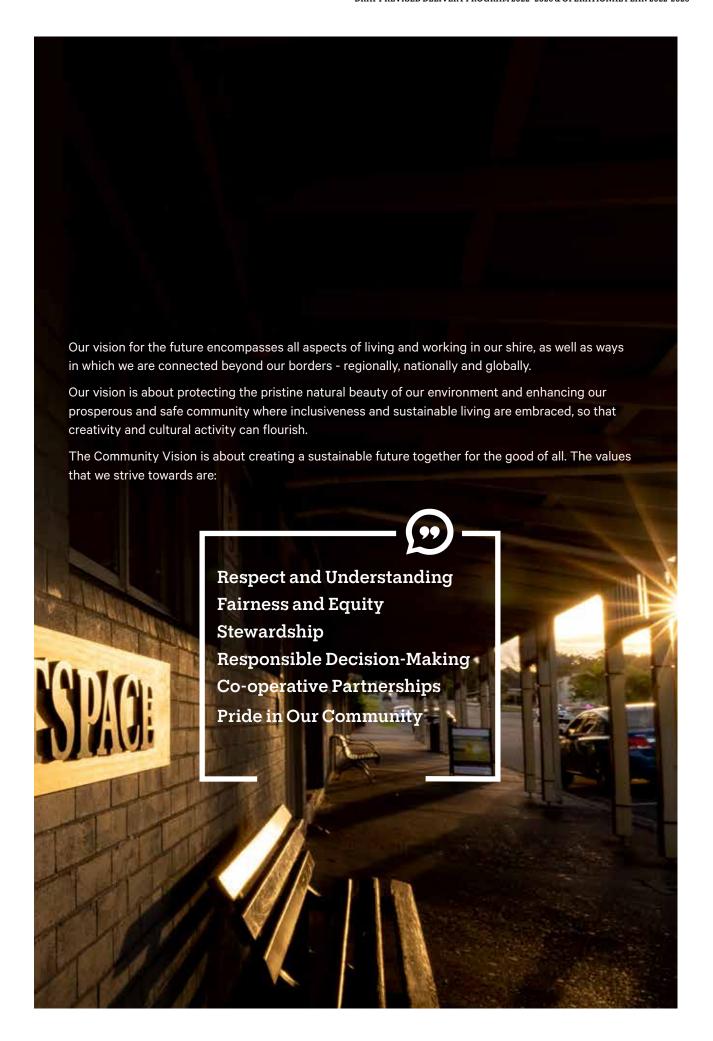

## Sustainable

We strive to live sustainably to ensure that we have enough for all, forever.

## Creative

We are a community that is creatively and culturally dynamic. We are ingenious and inventive in finding innovative solutions to problems and challenges.

## Developing Our Plan

The Revised 2022-26 Delivery Program and 2022-23 Operational Plan form part of Council's Integrated Planning and Reporting Framework.

This document outlines strategies and actions Council will undertake to achieve the aspirations defined in the Bellingen Shire Community Vision 2035.

The integrated planning process allows Council to prioritise projects based on the needs and direction provided by our community, and ensure our actions align to our community's Vision and Values for the Shire.

### Where It All Fits

The NSW Government through the NSW Office of Local Government (OLG) provides an Integrated Planning and Reporting (IPR) Framework for councils, which is prescribed in legislation and regulation.

The Framework has been developed in recognition that council plans and policies should not exist in isolation - that they are inter-connected. It supports council to draw the various plans together, understand how they interact to plan holistically and sustainably for the future.

The Bellingen Shire Community Vision 2035 includes the following overarching principles of sustainability and social justice. These underpin the strategic directions that will be conducted under each of the five key themes in the Vision. The four-year Delivery Program and annual Operational Plan are informed by the same principles.

Sustainability: sustainable development is development that meets the needs of the present, without compromising the ability of future generations to meet their own needs. It is about balancing environmental, economic, and social needs for the long term. Bellingen Shire Council is committed to striving towards sustainability, by providing leadership and collaborating with the community to foster a vision of becoming a sustainable Shire.

Social Justice: social justice means that all people receive a 'fair go' at the opportunities of life. It is about recognising that our society is made up of many different communities and working to ensure that no group or section of society is disadvantaged. In everything we do we will respect the four interrelated social justice principles of equity, access, participation, and rights.

## How We Plan

The IPR Framework is inclusive of the following:

## **Community Vision**

The Bellingen Shire Community Vision is the key document in the framework and is a plan for our community that describes how we can achieve our Shire's vision. This Plan is based on the aspirations, knowledge and values expressed by our community. It is a people's plan and responsibility for achieving our long-term goals rests with everyone.

While Council has a custodial role in initiating, preparing and maintaining the Community Strategic Plan on behalf of the local government area, it is not wholly responsible for its implementation. Other partners, such as state agencies, community groups and community members may also be engaged in delivering the long-term objectives of the Plan.

The Community Strategic Plan, Delivery Program and Operational Plan are organised under five key themes that reflect the community's Vision and Values. This provides a clear strategic alignment between Council's long-term, mid-term and annual planning and reporting.

## **Resourcing Strategy**

The Community Vision can only be achieved with sufficient resources. Council's Resourcing Strategy explains how we will meet our obligations now and in the future, considering our workforce, our finances and our assets. The Resourcing Strategy enables us to deliver our services to the community in a cohesive and sustainable way and includes:

- a long term financial plan
- an asset management strategy and
- a workforce Strategy

## **Delivery Program**

The Delivery Program is a plan that covers the term of an elected Council. To create the Program, we look at the Community Vision and ask what we can achieve over the coming term to bring us closer to the community's Vision and Values.

The Operational Plan outlines the actions that Council will undertake in the coming year to achieve the Delivery Program strategies under each key theme. The Operational Plan also demonstrates how Council will fund these actions.

Detailed budgets on the proposed program are outlined in Council's Long Term Financial Plan and Revenue Policy.

### **Monitoring And Reporting**

The Delivery Program is reviewed annually to determine which objectives set out in the Community Vision can be achieved within Council's available resources, and an Operational Plan of actions for the coming financial year is created. This ensures that Council's long-term planning is consistent with the current and future needs of the community.

In addition to our Annual Report, we report twice each year on progress towards our Delivery Program and current annual Operational Plan. These reports are available at bellingen.nsw.gov.au.

## Community Participation

Community engagement is a key priority for our community and for Council and is fundamental to Council's operations. Community engagement plays an important role in making Bellingen Shire a great place for residents and people who work in and visit the area.

It is a two-way process through which the community's aspirations, concerns, needs and values help inform Council's decision-making process.

The end result is not necessarily about gaining universal support for a project or a decision. It is about fairness, transparency and involving key stakeholders in Council processes, as and when appropriate.

We value our community as a source of local expertise and actively seek community feedback. We ask for and listen to your ideas, feedback and concerns in order to make informed decisions that are in the best interest of the whole community.

This Plan has been developed based on a range of feedback from stakeholders and the community, including results of the 2021-22 Liveability Survey and the Reimagine Community Vision 2035 engagement strategy.

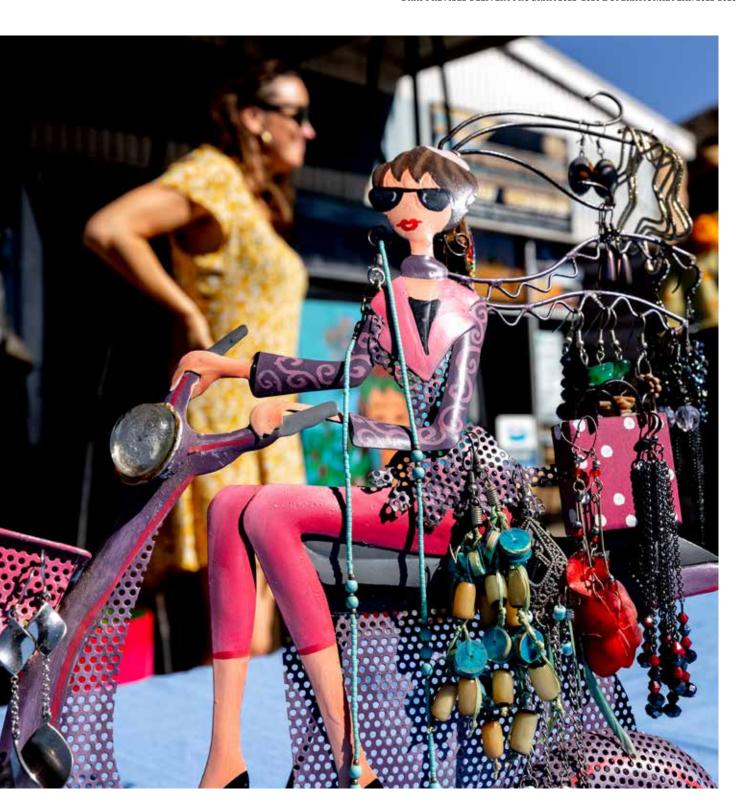

"More housing options -small, sustainable, affordable."

"More art. Gumbaynggirr language signs. Acknowledge our **Gumbaynggirr culture**"

"Better maintained public infrastructure like safe cycle paths, more footpaths, roads without potholes."

"Safe
sustainable
transport
options for all.
Make it easier to
ride to school,
shops, parks."

## Bellingen Shire Community Engagement Framework

Council's engagement approach is based on the public participation spectrum developed by the International Association for Public Participation (IAP2).

A key component of all projects undertaken by Council involves identifying stakeholders and selecting appropriate and relevant methods to engage with them. Council uses many methods to reach people including an online engagement portal that allows stakeholders to provide input and feedback on projects that affect them, or they have an interest in.

More information about engagement for this Plan and other projects, can be found at Bellingen.nsw.gov.au/Have-Your-Say

The current Delivery Program and Operational Plan were informed by the results of the most recent Place Score liveability survey conducted from November 2021 to January 2022.

Place Score's place measurement tools collect community insights to identify what matters most (Care Factor) to our local community and how well it is performing (Place Experience). When considered together these valuable insights help Council plan, prioritise invest and track performance.

Community insights are the most useful when they are measurable, actionable and trackable. By asking our communities directly what's most important to them and how their places are impacting them, we can change the conversation and purposefully build meaningful, measurable, actionable data and by undertaking additional surveys over the long term, trackable data.

1,602

"To be a truly inclusive and diverse community all levels of government must implement effective community driven ideas that enable everyone to share our shire irrespective of their wealth."

## Bringing The Plan To Life

The 2022-23 Operational Plan is our way of shaping success for our community. We plan to make significant progress towards achieving our Community Vision over the next 12 months.

Investment in bridges, roads and footpaths will strengthen our connectivity, making our favourite places and spaces more accessible, while upgrades to community buildings, cultural and sporting facilities, swim centres, parks and playgrounds will ensure our Shire continues to remain sustainable and creative.

## We plan to spend a total of \$ 76.6M

## We plan to deliver127 total actions

## **Delivering Through Service**

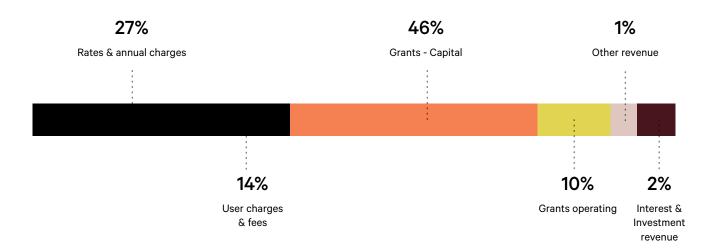

The Bellingen Shire Community Vision 2035 is the 10-year plan to guide the Shire on its journey to be Connected, Sustainable and Creative.

The plan is delivered through 5 key themes, each with specific outcomes for residents, businesses, government agencies and community organisations to contribute towards.

Council generates income to fund services and assets for the Shire through rates on property, government grants, developer contributions, interest on investments, user charges and Council's own business activities. These funds are used to maintain and improve the Shire while delivering a range of quality services to the community. These services need to be effective and efficiently provided and their progress and achievements monitored and reported to our community. This Operational Plan details how Council will do that in 2022-23.

## Where Do The Funds Come From

The Council will raise \$63 million in operating revenue from various sources.

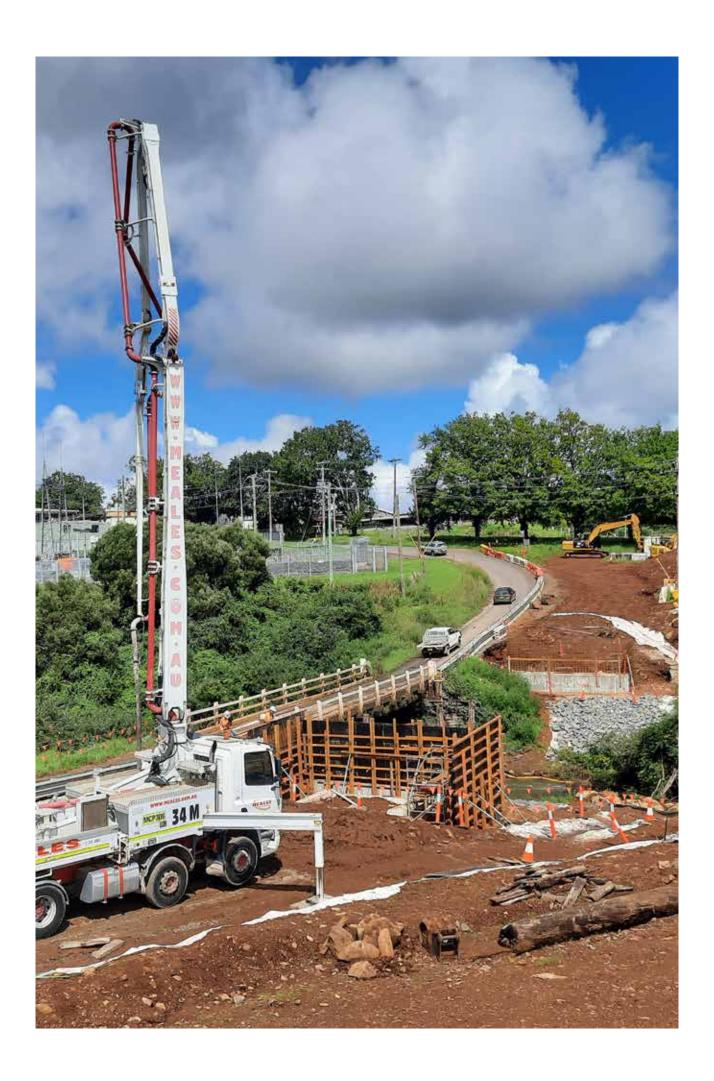

## Where The Funds Go

Council anticipates to spend \$76.6 Million on maintaining and renewing assets and providing operational services. (*\$ thousands*)

\*This summary excludes capital expenditure.

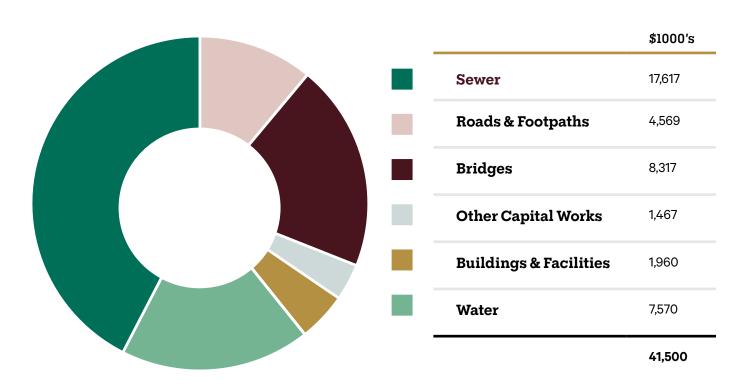

## Capital Investment

Council continues its major investment in infrastructure totaling \$41.5 million for the 2022-23 financial year. The Capital Works Program is made up of infrastructure, property, plant & equipment-related projects. We prioritise projects based on community need and Council's Asset Management Strategy.

The Capital Works Program is an integral part of delivering on our Community Vision to ensure our infrastructure, assets and open spaces are not only enhanced but future proofed for our community and visitors to enjoy beyond 2035.

## How To Read This Plan

## **Key Themes**

The plan is presented under the five key themes that underpin our Community Vision and Delivery Program. We have developed these actions in consultation with our community to help achieve the strategies of our Delivery Program and deliver on the aspirations of our Community Vision.

Measures and Indicators have been incorporated in the key theme actions to demonstrate and track how they align to the strategies and objectives of our integrated planning and reporting framework. These actions include work Council will do during the year regarding feasibility, design, implementation and completion of our projects.

## **Feasibility**

describes tasks such as site investigations, specialist studies, master planning, strategic planning and concept design.

### Design

describes detailed design tasks such as civil or structural engineering, landscape design, architectural design, electrical design, project approvals/development consent and the tender process.

### **Implement**

describes projects that will commence or are underway but will not be completed by 30 June 2023.

### Complete

describes projects that will be finished by 30 June 2023.

- Key Theme This heading indicates which key theme this section of the plan relates to.
- Aspirations These are the community's long-term priorities for the Shire. They contribute to achieving the Community Vision. Council has a custodial role in working towards realising these outcomes; however, it is not wholly responsible for achieving them. Other partners, such as state agencies and community groups have an important role to play in achieving these aspirations.
- Strategic Objectives These are the four-year activities and plans Council will undertake that contribute to achieving the long-term aspirations, and ultimately the Community Vision.
- Actions The Operational Plan actions detail the activities and projects that Council will undertake during 2022-2023.

  Each action relates to a Delivery Program strategy.

- Statement Actions Actions marked with also form part of the Bellingen Shire Local Strategic Planning Statement. The Local Strategic Planning Statement describes how we intend to achieve our Community vision and values by guiding the growth of the Shire over the next 20 years. It is based on our community's land use priorities and includes strategies that reinforce global, national and regional
- Responsibility The responsible
  Council department that will oversee and report on the relevant action.

plans.

Related Plans Council prepares and implements a range of other plans and strategies that support the Integrated Planning and Reporting Framework.

Many of the actions in the Operational Plan are derived from these plans.

Ensure roads, bridges, drainage and associated infrastructure meets community needs and service levels

## Responsibility

3.1.1 Undertake procurement, servicing and replacement of Council fleet and heavy plant in accordance with Fleet Management Plan.

**Technical Services** 

3.1.2 Conduct annual review of suitability and utilisation of light and heavy fleet.

**Technical Services** 

3.1.3 Utilise the asset management system to identify the optimal roads to be prioritised during the year to get the best outcome from the funds available.

Infrastructure Services

Implement gravel resheeting and formation works at:

- Bowraville Road
- Coramba Road
- Darkwood Road
- Deer Vale
- Kalang Road
- Martells Road
- Muldiva Road

- Roses Road
- Summervilles Road
- Valery Road
- Whisky Creek Road
- Various other roads as priorities by MMS (Maintenance Management System)

3.1.4 Implement road heavy patching and resealing works at:

Infrastructure Services

- Old Pacific Highway, Raleigh 0.2km
- Crown Street, Bellingen 0.2km
- Wheatley Street, Bellingen 0.9km
- Church Street, Bellingen 0.1km
- Darkwood Road, Thora 1.6km
- Summervilles Road, Gleniffer 1.2km
- Vine Street, Dorrigo 0.16km

- Hammond Street, Bellingen 0.1km
- Whisky Creek Road, Dorrigo 0.5km
- Martells Road, Brierfield 2.1km
- South Arm Road, Urunga 2.2km
  Perrys Road, Repton 1.0km
- Billings Road, Dorrigo 1.9km

3.1.5 Implement road renewal works at:

- Gleniffer Road, Gleniffer Rehabilitation
- Lower Bielsdown Road, Tallowwood Ridge Road Re-surfacing
- South Street, Urunga Rehabilitation
- Coopers Lane, Urunga Rehabilitation
- Martells Road, Urunga Resurfacing
- South Street East, Bellingen Rehabilitation

Infrastructure Services

3.1.6 Maintain Councils Road Network - Sealed and unsealed roadways including maintenance grading, pavement patching, vegetation control, roadside furniture and signage maintenance.

Infrastructure Services

Aspiration 3 Cont.

We are connected and able to move around in a safe, accessible, affordable, healthy and environmentally friendly way

#### **Related Plans**

Asset Management Plan Gleniffer Reserves Masterplan Pedestrian and Mobility Plan (PAMP) Local Strategic Planning Statements

# **Strategic Direction 3.1**

Ensure roads, bridges, drainage and associated infrastructure meets community needs and service levels

# **Strategic Direction 3.2**

Ensure active transportation infrastructure meets community needs and service levels

Itemised asset investments may be subject to change by Council resolution.

## Responsibility

3.1.7 Perform maintenance and renewal works on Waterfall Way Works through the Road Maintenance Council Contract (RMCC).

Infrastructure Services

3.1.8 Progress the Essential Public Asset restoration projects in response to the impacts of the February 2020 Storms and Floods, December 2020 Floods, March 2021 Floods, and February, March 2022 disaster declarations.

Infrastructure Services

Major repairs being undertaken in response to these disasters include numerous significant landslips both upslope and downslope throughout the local road network.

3.1.9 Deliver replacement of damaged stormwater infrastructure including kerb and gutter in accordance with adopted budget.

Infrastructure Services

3.1.10 Perform maintenance and renewal works on Regional Roads utilising Block Grant funding through TfNSW.

Infrastructure Services

3.1.11 Progress construction activities for new bridge structures funded through programs including the Fixing Country Bridges and Bridges Renewal Program at:

Infrastructure Services

- · Cahills Bridge, Nobles Lane
- Freshwater Creek, Old Coast Road
- Pine Creek No.1
- · Richardsons Bridge, Darkwood
- Justins Bridge, Darkwood
- Kalang River Bridge, Bowraville Road
- Spicketts Creek Bridge, Bowraville Road
- Sunny Corner Bridge, Sunny Corner Road
- Smiths Bridge, Smiths Lane
- Johnsens Bridge, Johnsens Road
- · Taylors Bridge, North Bank Road
- Tysons Bridge, Kalang Road

#### Action 2022-23

# Responsibility

3.2.1 Implement pathway extension works of priority identified in the Pedestrian and Mobility Plan (PAMP) at:

Infrastructure Services

• Bellingen Primary School to Youth Hub

Prince Street to Doepel Street, Bellingen (Butter Factory Path)

Aspiration 3 Cont.

We are connected and able to move around in a safe, accessible, affordable, healthy and environmentally friendly way

#### **Related Plans**

Pedestrian and Mobility Plan (PAMP)
Corporate Carbon Plan

## **Strategic Direction 3.3**

Plan and advocate for the provision of public transport facilities and services that meets community needs and service levels

# **Strategic Direction 3.4**

Plan for local infrastructure to support electric vehicles and non-motorised forms of transport

## **Strategic Direction 3.5**

Promote and undertake road safety initiatives

# Responsibility

3.3.1 Advocate to State and Federal Agencies around support for delivery of public transport improvements.

Operations

3.3.2 Promote and support community transport services delivered to our community.

Community Wellbeing

#### Action 2022-23

## Responsibility

3.4.1 Investigate funding opportunities for public electric vehicle charging stations.

Operations

#### Action 2022-23

## Responsibility

3.5.1 Partner with Nambucca Valley Council and TfNSW to investigate opportunity for continued employment of a road safety officer to focus on driving road safety messaging throughout our community.

**Technical Services** 

The Program includes the Road Safety Pilot Program targeting various types of road users and driver and pedestrian behaviour to drive road incidents 'towards zero'.

We have clean water which is protected and used sustainably

#### **Related Plans**

Integrated Water Cycle Management Plan Coastal Management Plan

## **Strategic Direction 1.1**

Protect water catchments to sustain high quality and dependable water supplies across the region

# **Strategic Direction 1.2**

Develop and maintain a sustainable network of water, sewer and storm water systems to meet community needs and health and safety standards

# Responsibility

1.1.1 Finalise Integrated Water Cycle Management Plan (IWCM) including mapping of the Shire's aquifer to ensure we are a resilient community that is prepared for the future challenges our ever-changing environment presents us.

Water & Wastewater

1.1.2 Complete consultation process and development of state mandated 10 year Coastal Management Plan to support local coastal, estuary and river health.

Sustainable Environment & Waste

#### Action 2022-23

# Responsibility

1.2.1 Continue to advocate for additional funding to progress delivery of the Sewering Coastal Villages Scheme.

Water & Wastewater

1.2.2 Commence renewal of water mains along Yellow Rock Road to replace 4.2km of water mains over a 4 year period.

Water & Wastewater

1.2.3 Increase Capacity of Urunga Sewer Treatment Plant to include an effluent reuse scheme to deliver recycled water to South Urunga developments.

Water & Wastewater

1.2.4 Deliver duplicate mains from Marx Hill reservoirs to a connection point on Short Cut Road to increase capacity of the mains and allow for the eventual decommissioning of the existing main. This project will deliver 7.5kms of duplicate mains over a five year period.

Water & Wastewater

We live sustainably and reduce our ecological footprint and contribution to climate change

# Corporate Indicators

Council tracks a range of measures and metrics to monitor the progress and service outcomes.

These indicators are used to guide strategic direction, monitor whether the strategies are resulting in positive changes and where Council determines whether the outcomes are achieved.

Measure	Target	Reported
Number of active members on S355 Committees	Not decreasing	Half Yearly
Number of volunteers within Council programs	Not decreasing	Half Yearly
Number of people accessing the Dorrigo Support Service shown as having an improvement in their social wellbeing	≥ 75	Half Yearly
Number of engaged youth & attendees at Youth Hub	≥ 13,800	Half Yearly
Active beach users (patrolled beaches)	Passive reporting	Yearly
e-loans vs physical library loans	Increasing trend	Half Yearly
Hours patrolled on beaches	Passive reporting	Yearly
Number of Safety Performance = LTI's, MTI's, FAI's	0 LTI, <2 MTI, <5 FAI	Yearly
Percentage of Operating Result (Within 10% of LTFP Target)	≥ 10%	Yearly
Cash Expense Cover Ratio Ratio used to ensure adequate levels of cash are maintained to cover any unexpected event	>3	Yearly
Percentage of variance between original budget and final Operating Result	≥ 10%	Yearly
Operating Performance Ratio (%) Ratio used to ensure there is continued focus on budget performance and reducing risks associated with budget over runs	≥ 10%	Yearly
Own Source Operating Revenue Ratio (%) Ratio used to ensure Council does not rely too heavily on external funding	> 60%	Yearly
Unrestricted Current Ratio (%) Ratio used to ensure cashflow is sufficient to pay debts as and when they fall due	> 2%	Yearly
Debt Service Cover Ratio (%) Ratio used to ensure debt levels are managed within acceptable levels	> 2%	Yearly
Rates and Annual Charges Outstanding (%) Ratio used to ensure debt recovery efforts are sufficient to minimise outstanding debts and increase cashflow	< 5%	Yearly
Visits to the Disaster Dashboard	16,000	Yearly
Increase in Resilience@Belloshire Facebook page followers	25%	Yearly
Number of Community meetings/events held relating to resilience	8	Yearly
Percentage of compliance on water drinking quality tests	100%	Half Yearly
Number of water mains breaks	Not increasing	Half Yearly
Water consumption	Passive reporting	Half Yearly
Sewer blockages	Not increasing	Half Yearly
Percentage of sewer EPA license compliance	>95%	Half Yearly
Percentage of animals returned or rehoused	> 95%	Half Yearly

Measure	Target	Reported
Number of impounded animals	Decreasing trend	Half Yearly
Percentage of food businesses inspected annually	95%	Yearly
Percentage of OSMS inspections carried out in accordance with OSMS Strategy	90%	Yearly
Percentage of building inspections carried out within 3 days	> 95%	Yearly
Percentage of public health inspections from the maintained register	90%	Yearly
Ensure the fire safety of buildings requiring annual fire safety certificates.  Maintain register of premises requiring annual fire certification  Percentage of premises notified annually	100%	Yearly
Number of days median approval time for Construction Certificates	45	Half Yearly
Number of days median approval time for Complying Development Certificates	20	Half Yearly
Regular weekly patrols undertaken of Town centres to mitigate parking shortages. Patrol roster adjusted to meet peak period demands.	80%	Half Yearly
Regular weekly patrols undertaken major parks, open space and beach access to monitor utilisation. Patrol roster adjusted to meet peak period demands.	80%	Half Yearly
Regular weekly patrols of streets and public places undertaken for unauthorised camping activity. Patrol roster adjusted to meet peak period demands.	80%	Half Yearly
Number of amenities average condition ≥ 3	≥ 3	Half Yearly
Number of playground defects outstanding	< 6	Half Yearly
Number of km of road re-sealing achieved	>15	Yearly
Number of load limited bridges	≤ 16	Yearly
Percentage of annual road maintenance program completed	≥ 90%	Half Yearly
Percentage of annual urban spaces maintenance program completed	≥ 90%	Half Yearly
Percentage of capital works projects delivered within budget	≥ 90%	Half Yearly
Percentage of score Contractor Performance Report - RMCC Contract	≥ 65%	Half Yearly
Number of Environmental Performance = PIN's NCR's	PIN's = 0, NCRs < 5	Yearly
Number of noxious weed inspections	> 300	Half Yearly
Number of tonnes Council emissions	< 200	Half Yearly
Number of hectares environmentally rehabilitated land	> 200	Half Yearly
Percentage of missed garbage collections	< 5%	Half Yearly
Number of tonnes waste generated	< 2,200	Half Yearly

Percentage of waste diverted from landfill  Number of days median net time for development approvals  Percentage of Plant replacement program achieved  Percentage of Plant replacement program achieved  Number of average pavement condition in road register  Percentage of asset backlog ratio  Percentage of infrastructure asset renewal ratio  Number of complaints received  Percentage of customer requests resolved on first contact  Number of complaints received  Percentage of customer requests resolved on first contact  Number of complaints received  Percentage of grant applications successful  Number of grant funding per head  Percentage of grant applications successful  Number of grant Scouncil has provided to the community through its Community Grants  Percentage of increase/decrease in visitation to the Shire  Percentage of increase/decrease in visitation to the Shire  Percentage of councillor attendance at Council meetings and workshops  Percentage of councillor attendance at Council meetings and workshops  Percentage of Council compliance with regulatory requirements  Percentage of saset renewal ratio  Number of registrations to Council's Website increase  Number of registrations to Council's Website increase  Number of people following Council on Facebook, Instagram, You Tube and LinkedIn is increasing trend  Half Yearly  Pumber of people following Council on Facebook, Instagram, You Tube and LinkedIn is increasing trend  Half Yearly  Percentage of staff turnover rate  Percentage of staff turnover rate  Passive reporting  Half Yearly  Percentage of staff turnover rate	Measure	Target	Reported

# Financial Management

# **Revenue Policy**

In accordance with Section 405 of the Local Government Act 1993, Council provides the following details of its revenue policy. This information explains the basis upon which rates and charges will be made.

# **Rates And Charges**

Through rates and charges, Council recovers the cost of providing its services for land within the Council boundaries. Rates and charges raise approximately 27 per cent of Council's operating income and are used to improve and maintain services and facilities for the community.

Some of these services include:

- maintenance of roads, parks and gardens
- libraries
- community services for youth and seniors
- town planning
- food inspections
- animal services
- tourism
- · swim centres.

Council rates are determined in accordance with the provisions of the Local Government Act 1993 and Local Government (General) Regulation 2005.

Rates are Councils' major source of funding, representing over a third of Councils' operating revenue. In NSW council rates are levied based on land valuations supplied by the Valuer General's Department. These valuations are reviewed every three years as part of a process termed 'General Revaluation'. It is important to note that regardless of changes in the land valuations for existing properties the actual total amount of rates income a council may levy is limited by rate pegging, where the Independent Pricing and Regulatory Tribunal (IPART) determines annually the allowable increase in rates.

# **Ordinary Rates**

In accordance with Section 497 of the Local Government Act 1993, the structure of the ordinary rates are calculated annually and comprise of a base amount, plus an ad valorem (amount in the dollar) component, which is calculated using the land value supplied by Property NSW on behalf of the NSW Valuer General.

Section 494 of the Local Government Act 1993 requires Council to make and levy ordinary rates on all rateable land for the year 2022-2023.

# Fees And Charges For Goods And Services

In accordance with Section 608 of the Local Government Act 1993 and other relevant legislation, Council levies a range of fees and charges.

Each year, Council determines its fees and charges. These are available online at Bellingen.nsw.gov.au/fees-and-charges.

Income from fees and charges helps us provide services and facilities for our Shire. Our fees and charges are intended to cover costs associated with:

- supply of a product, service, or commodity
- giving of information
- providing a service in connection with the Council's regulatory functions, including receiving an application for approval, granting an approval, inspecting and issuing a certificate
- allowing admission to any building or enclosure.

When Council determines its fees for goods and services, it considers the following factors:

- cost of providing the service
- importance of the service to the community
- prices fixed by relevant industry bodies
- any factors specified in the Local Government regulations
- equity factors
- user pays principle
- financial objectives
- customer objectives
- resource use objectives
- cross-subsidisation objectives.

Council's Revenue Policy, Schedule of Fees and Charges 2022-23 provides detailed information on the ordinary rates structure and other associated fees and charges and are available at bellingen.nsw.gov.au

## **Building & Infrastructure Renewals Ratio**

The building and infrastructure renewal ratio assesses the rate at which assets are being renewed against the rate at which they are depreciating.

# **Unrestricted Current Ratio**

The 'unrestricted current ratio' is specific to the Local Government sector and represents a Council's ability to meet its short-term obligations as they fall due.

#### **Debt Service Cover Ratio**

The 'debt service cover ratio' measures the operating cash available to service debt including interest, principal and lease payments.
